## ***I. INTRODUCTION***

The City of Reedley (the “City”) issued \$12,615,000 2017 Water Refunding Revenue Bonds (the “2017 Bonds”). The proceeds of the 2017 Bonds were issued to refund the Reedley Public Financing Authority Water Revenue Bonds, Series 2007 (the “2007 Bonds”).

The City is located in the central San Joaquin Valley portion of California, lying just inland between the State’s coastal mountain ranges and the Sierra Nevada Mountains. The City is situated approximately twenty-five miles southeast of the City of Fresno.

The 2017 Bonds are payable solely from Net Revenues, as defined within the Official Statement, of the City’s Water System, derived primarily from charges and revenues received by the City from the operation of the Water System, less the costs of the operation and maintenance of the Water System.

The 2017 Bonds are not a debt of the City, the State of California, or any of its political subdivisions and neither the City, the State of California, nor any of its political subdivisions is liable. The 2017 Bonds do not constitute indebtedness within the meaning of any constitutional or statutory debt limit or restriction.

This Annual Continuing Disclosure Information Statement (the “Report”) is being provided pursuant to a covenant made by the City for the benefit of the holders of the 2017 Bonds and includes the information specified in a Continuing Disclosure Certificate.
